

SAND, SCALPINGS, BALLAST AND SHINGLES

Great value bulk bags offer extended!

Our offer of massive savings on bulk bags has been extended by popular demand. These bulk bags of pit sand, scalpings, ballast, sharp sand, 10 and 20mm shingles are back to only £29.99 each ex VAT (£34.49 inc).

Pit Sand is our building sand and is used for making mortar for brick and block work and **Ballast** is used for making concrete. **Scalpings** are very versatile products used for the construction of sub bases for concrete slab floors, access paths, driveways etc.

Sharp Sand, also known as washed concreting sand, is used under paving, for floor screeds floors and for driveways under block paving. Our 10 and 20mm **Shingles** are for driveways, paths, borders and the 10mm is for bedding drainage pipes. They act as a weed suppressant especially when used with geotextile membranes, which are also supplied by Peppard Building Supplies.
